

Mr. Stiles

Social Studies - Room 119

—

AP United States History 1

# United States History

- History of the United States by time period and theme
- Responsibility
  - Organization
  - Active participation
  - Homework and make-up work
  - Attendance
- Project/Discussion/Writing Based Learning
  - Getting to know one another
  - Everyone has a role - leadership and/or support
  - Incorporation of key strategies (document analysis, writing, etc)

# The Stiles Philosophy

- Writing and critical thinking skills are essential
- It's also really important for students to talk to each other about what they're learning
  - I believe strongly in discussion based learning
- I also want students to role play/apply what they're learning in class to their own lives
- My goal is to make social studies class fun so that students can get excited about US History
